NOTES:

- No Club or Unit, nor any individual, may enter or shoot in any championship, league, competition or practice organised by the Oxfordshire Rifle Association unless, and until, the appropriate Club/Unit affiliation fee, or individual subscription, has been paid for the current year. The only exception is where the competition conditions specifically state otherwise.
- Reduced affiliation fees are offered to schools, cadet units, junior organisations, universities and other further education establishments as an incentive to promote shooting by bona fide scholars, cadets, other juniors and student shooters. For Clubs, Units and organisations taking advantage of these reduced subscriptions, all shooters taking part in team or individual competitions must be bona fide scholars, junior members, or student members of the Club, Unit or Organisation concerned. Junior Clubs, Units and organisations in these categories may register adult or graduate shooting members by paying an additional subscription, at the normal annual rate for each person concerned. Adult or graduate members so registered may shoot in individual championships and other events or in representative teams comprising only adult or graduate members and which are clearly identified as such (i.e. Abingdon School Staff, Kidlington ATC Staff, University Alumni, etc).
- Service Units need declare only those shooters regularly taking part in competitive shooting.

Your completed form, together with a cheque made payable to the ‘Oxfordshire Rifle Association’, should be sent to: -
