2. G Saunders 97
3. C Reed 96

**The Volunteer Cup: J Buckingham**

**OXFORDSHIRE RIFLE ASSOCIATION**  
**HISTORIC RIFLE AUTUMN MEETING 2010**

The match was shot at Otmoor on a lovely sunny, but chilly Autumn day. There was a poor entry of 24 with 22 shooting in the match, which ensured that we made a loss of about £140 on the day. We still have to shoot into the Hythe Frames which makes more work setting up and also increases the safety angle. My thanks to the usual few who helped me to set up and take down targets. It is surprising that these always seem to be the same people !

There were some excellent scores recorded and lots of different rifles on view. Well done to Olie Bosley for his first 100 and to Graham Saunders for an excellent 96 in the Service Rifle Class. A good contest between Nic Washington and Jason Buckingham with their ML BP Rifles. The Lee Enfield No 4 still proves what a very good rifle it was, a clear favourite of many present.

My grateful thanks to Cliff Warwick and Nic Washington for doing all the RCO duties and thus allowing me to shoot. A big "Well done" to the Harwell Club for an entry of ten shooters.

John Winter
