Winner of Millennium Cup for 2011 **Rob Needham (Ricochet RC)**

Maximum score per range is 60 V Bulls score 6

Example : a score of 47.4 and a handicap of 9 would score $47+4=51 + 9 = 60$

Any score over 60 is deducted from 60 eg a score of 68 scores $60 - 8 = 52$

Those members giving a total handicap for all three ranges had it divided by 3 as all ranges must have same handicap.

Where scores are equal the person with the higher start gains the higher position.
