5 th	G Saunders & O Boseley	77.4
6 th	I Thompson & B Thompson	76.4
7 th	I Farnell & Robin	74.3

Summary

The match was shot at Otmoor at 200 yds using 0.22 rimfire rifles. It was a cloudy day with a strong blustering wind requiring up to seven minutes correction. This added up to a total deflection of fourteen inches ! Scores were lower than other years and the number of "V" Bulls much reduced. Harwell "A" produced a match winning score by virtue of consistent shooting in the strong wind.

As always the usual cry from the FB Committee is why don't other SB Clubs enter and have a go at 200 yd shooting. The 22 rifle is very accurate at that range as can be seen by the large number of V Bulls shot. But as usual there was a deafening silence from the rest of the County's SB Clubs. What a shame !

John Winter, (Chairman, FB Committee)
